SECOND SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT
AND SUMMARY OF TELEPHONE INTERVIEW

Sir:

Pursuant to 37 C.F.R. §§ 1.56 and 1.97, applicants again draw the Examiner's attention to events described in three separate declarations, enclosed herewith, made by the three inventors in the above-captioned application, and a binder, also enclosed herewith, containing documents referred to in two of the aforementioned declarations. Applicants also again draw the Examiner's attention to events described in two separate declarations, enclosed herewith, of two attorneys, James Bollinger, Esq. and Bradley Ruben, Esq., who were involved in the prosecution of the patent

application that issued as United States Patent No. 5,905,974 on May 18, 1999.

Applicants have previously filed those declarations and documents in a Supplemental Information Disclosure Statement on February 21, 2002. The Examiner commented in commonly-assigned, co-pending Application No. 09/294,526, in an Office Action dated April 24, 2002, that the "Supplemental Information Disclosure Statement had been renamed, 'Letter Regarding Declarations,' and that the documents in the binder 'cannot be considered prior art under 37 C.F.R. § 1.98.'"

On May 8, 2002, in a telephonic interview with applicants' undersigned representative, Joel Weiss, the Examiner stated that he would consider the declarations and the binder of documents in commonly-assigned, co-pending Application No. 09/294,526, if they were resubmitted with a Form PTO-1449. In a separate telephone conference on or about May 29, 2002, the Examiner also agreed that he would consider the declarations and the binder of documents in the above-captioned Reissue Patent Application No. 09/859,661 if they were resubmitted with a Form PTO-1449. Accordingly, applicants have resubmitted copies of the declarations and the binder of documents for consideration by the Examiner together with a Form PTO-1449.

The declarations and the documents in the binder are listed below. Applicants have also resubmitted, and listed below, four U.S. Patents that were discussed in the attorney declarations and submitted in the previous Information Disclosure Statement, and have included these U.S. Patents on the Form PTO-1449.
